

We have been learning
about....

11.3.22

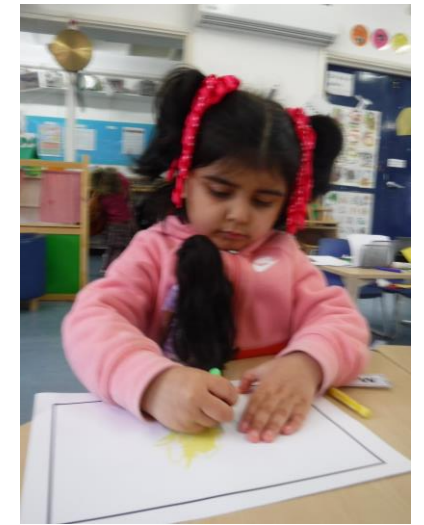

We thought about different ways to make 7...

7 is made of.....

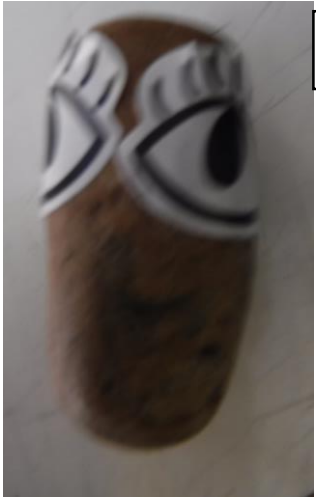

We looked at the daffodils, thought about the shapes and colours we could see and then used oil pastels to create our own daffodils.

How did you look after them?

We made our own Bog Babies. Then we looked after them.

We thought about what type of habitat our bog babies might need. We did some observational drawing of the school gardens.

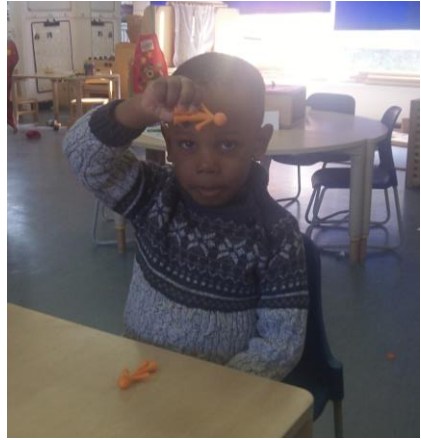

A note was left on the sand pit, the children read the note and followed the instructions to empty all the sand and clean it....

Then we put
thousands of
water beads
into the sand
tray!

We sorted and counted the families. How did you sort them?
What did you put together?

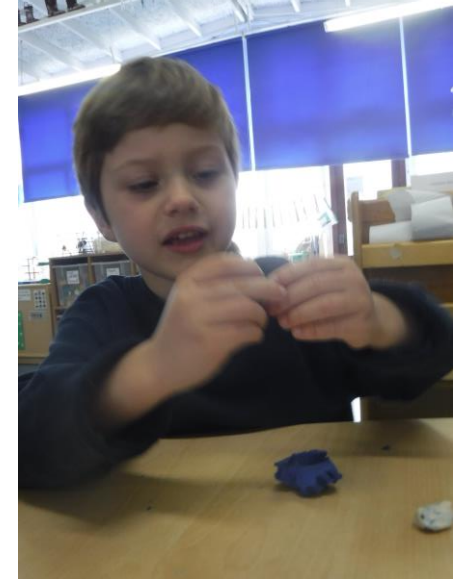

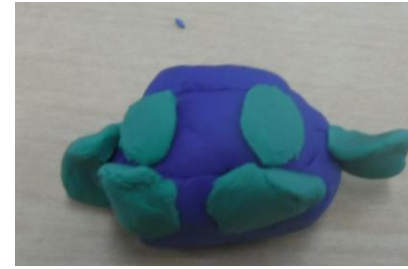

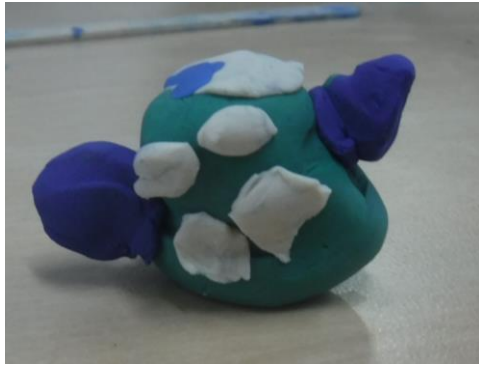

We have been doing some secret planting.....ssh!
Don't tell anybody, it's a surprise!

We set up a Bog Baby clinic. How long were your Bog Babies? How much did they weigh?

We made a friend for our Bog Babies! Now we have 2!

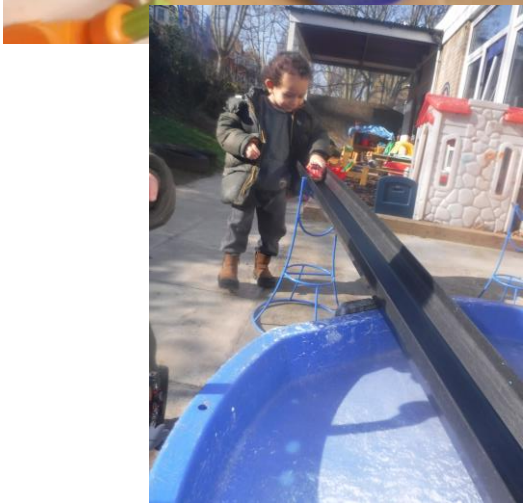

Amazing
building!

Fingerpainting with the children in the 2 year old room!

Extreme
reading – 2
year old
style!

Whose birthday
was it this week?

Who came to
read to us this
week?

We have started practising for our assembly. It is on Friday the 25th of March.....put it in your diary and come along to watch!
