

We have been learning
about...

13th January 2023

We created our own stories!
Were they funny?
Scary? Sad?

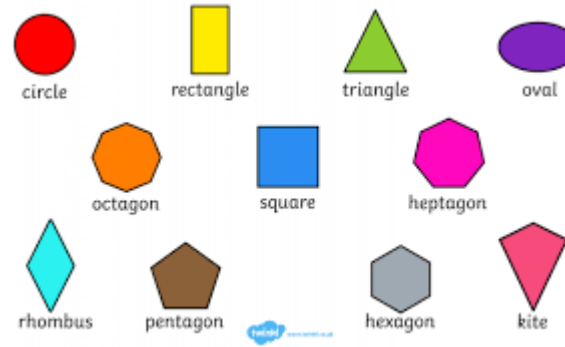

Practising our reading! Did you read at home over the holiday?

Mr Turpin brought the Brilliant Book into the Reception classroom to give a sticker to everybody who was able to zip up their coats by themselves!

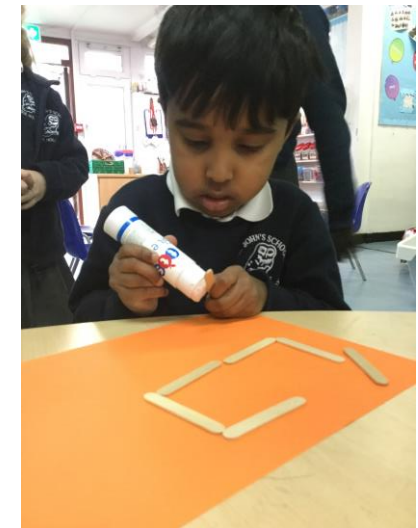

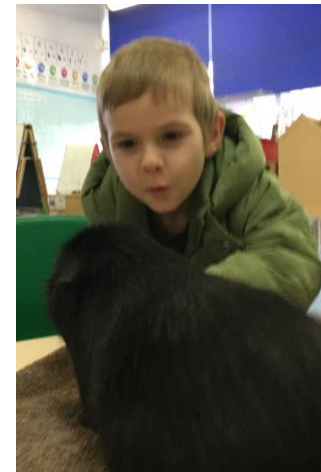

We learnt about the properties of shapes by creating them with sticks.

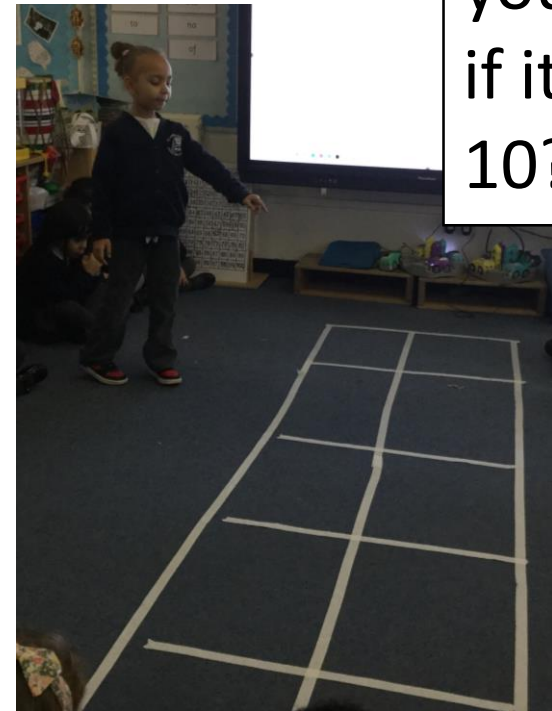

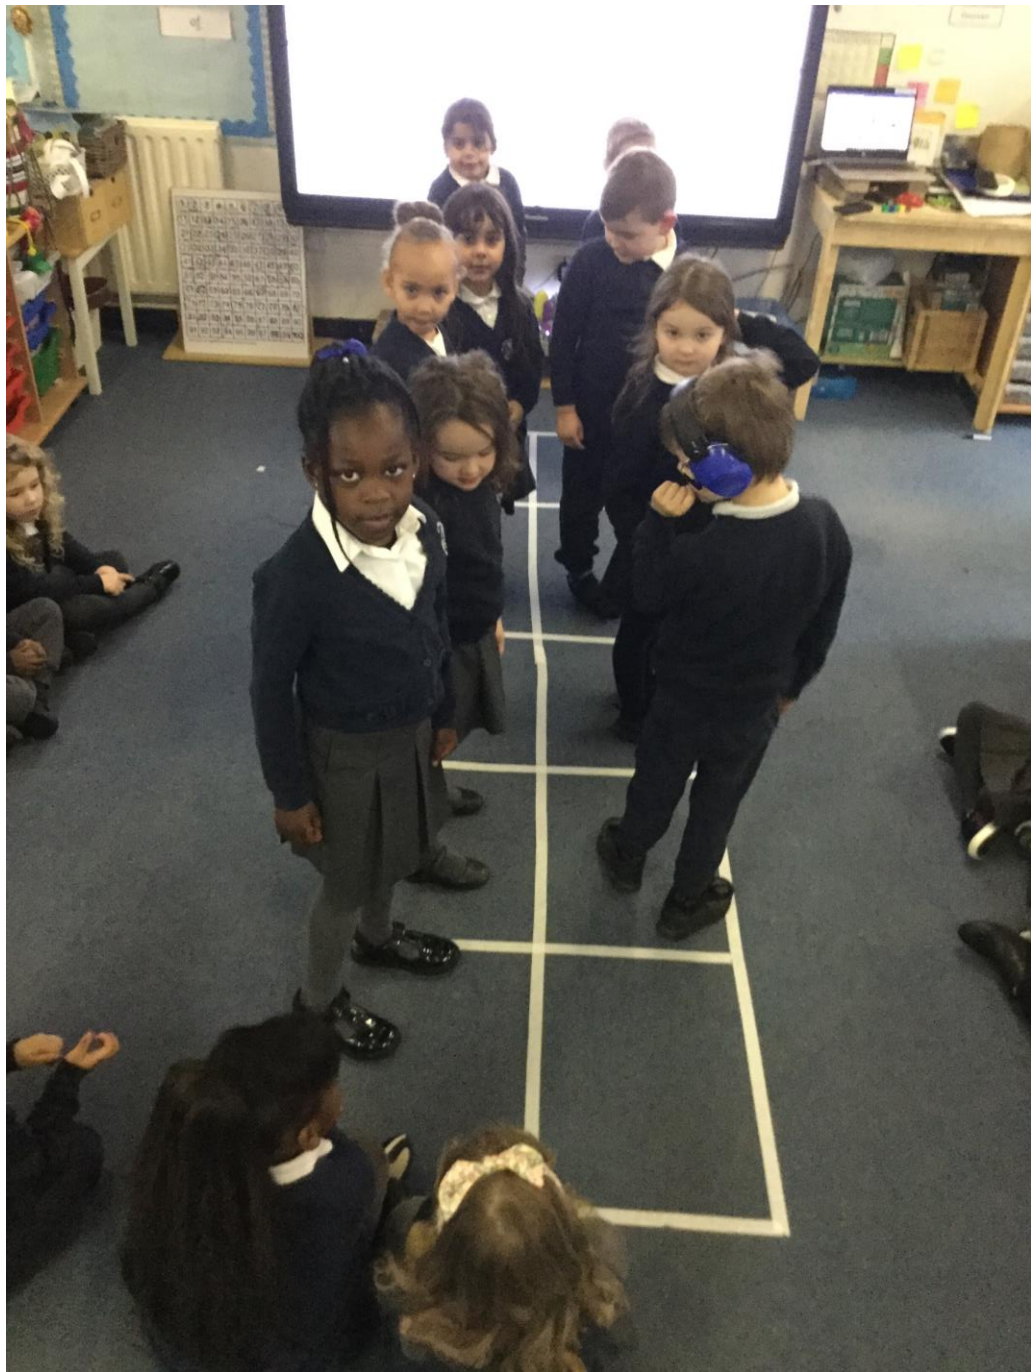

How many sides and corners did your shape have? Were there any shapes you couldn't make?

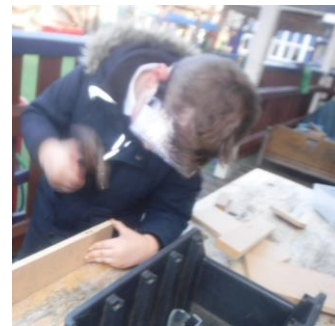

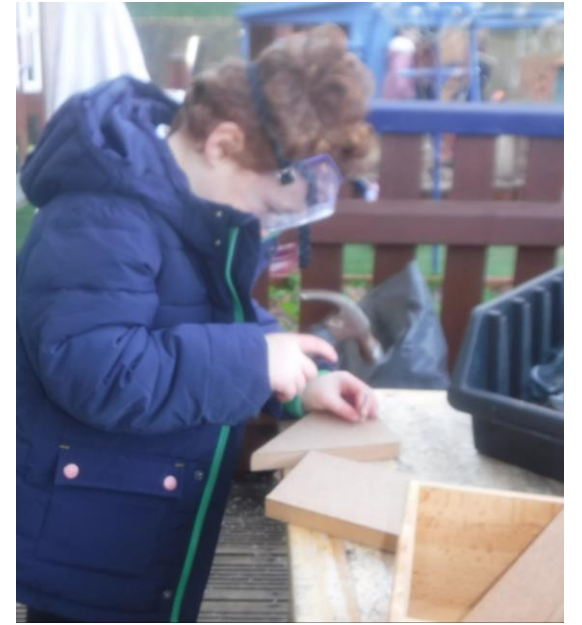

We took Cloudy for a walk in the buggy. Do you think he liked it?

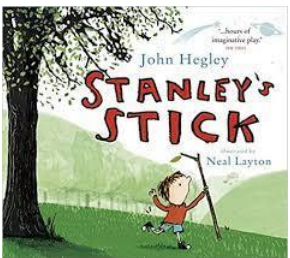

We played a game of 10 or not 10? How did you know if it was 10?

Tell me what you made?
Can you remember the woodwork safety rules?

We went into the wildlife garden to try and find sticks just like Stanley's.

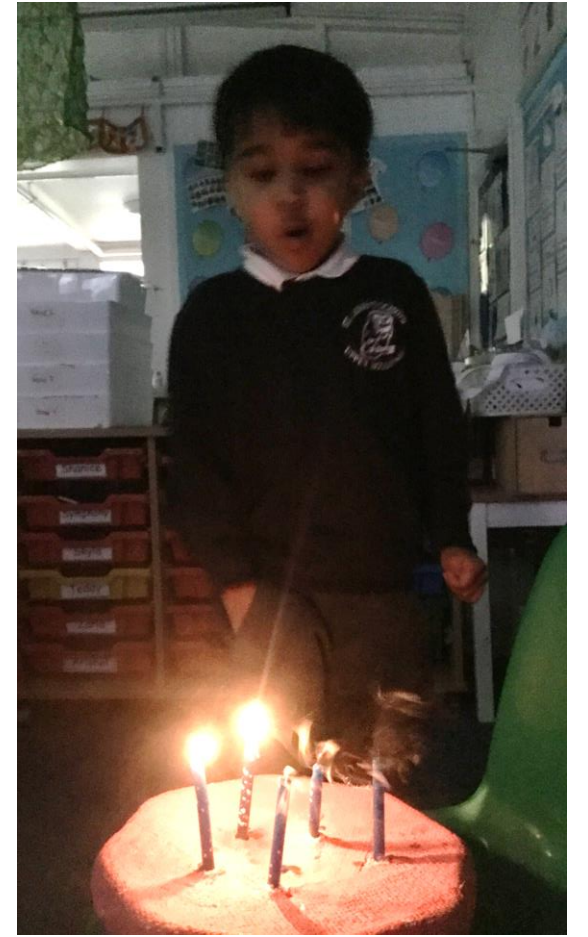

What else did you learn about this week?

Brilliant
buildings!

Happy 5th birthday!
