

We have been learning
about...

15th September 2023

We went into the wildlife garden and picked apples from the apple trees.

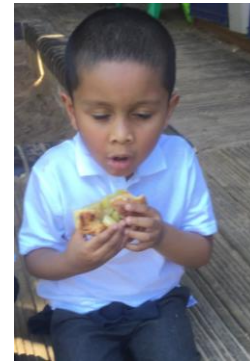

We voted to decide what we would do with the apples. Apple juice or apple pies?

How did you make your apple pies?

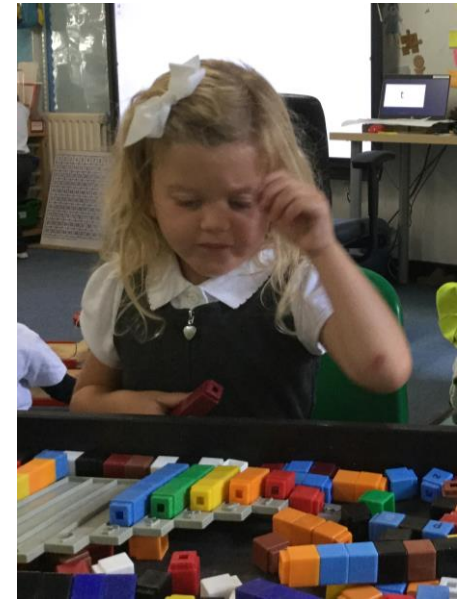

How did you play the shape snap game?

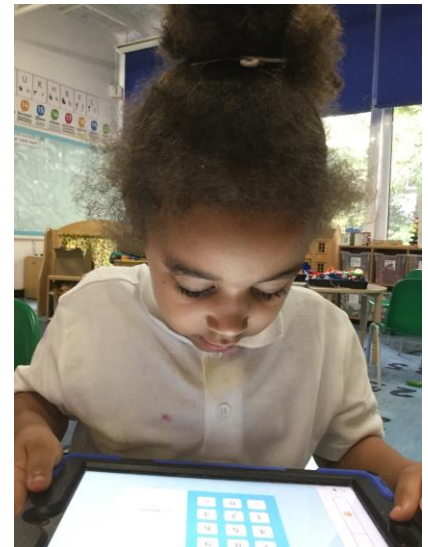

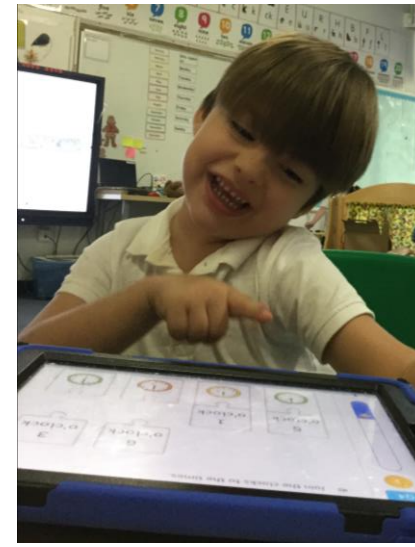

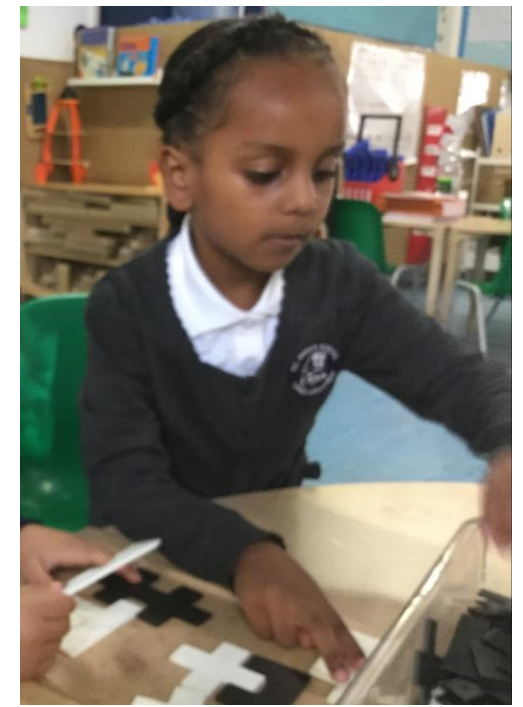

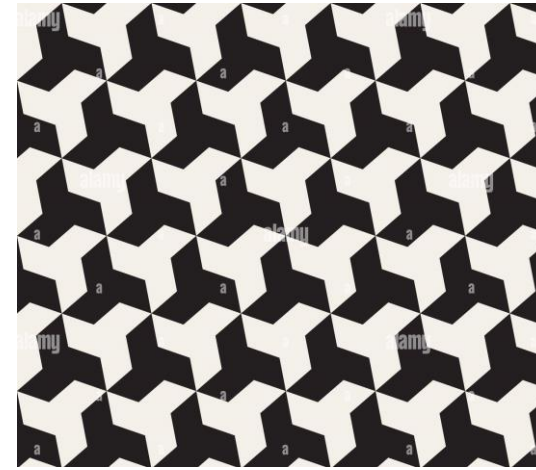

We have been learning how to 'copy me' and '1-2-3 show me' so we are ready for our first phonics session on Monday!

We have been learning how to use the doodlemaths app and exploring size, length and subitising using the unifix cubes.

We have been developing our perseverance and resilience through tessellation. The children needed to fill the board without leaving any spaces. It is VERY tricky!

We have been learning to use the key stage 1 playground safely.

We have been taking care of lots of living things in the Reception class this week.

What else did you learn about this week?

Homework will be posted on Seesaw. Please check your homework books for your new Seesaw code.
