

We have been learning
about....

20/5/22

We have been thinking about equal and unequal amount and linking that to odd and even numbers.

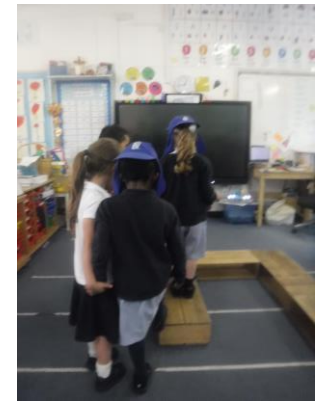

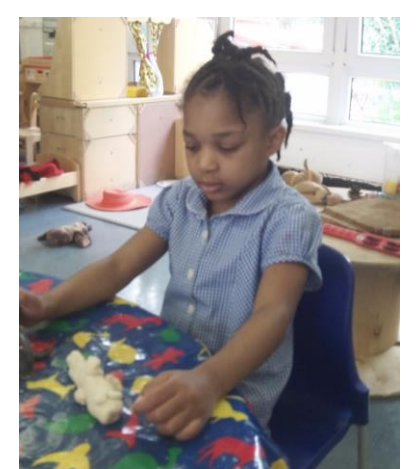

Are the amounts in my whole – equal or unequal?
Which are the odd numbers? Which are the even numbers?

We used mud roc to create our giant octopus....

We thought about what it would be like to be blind. Then we took turns to lead each other blindfolded across the pathway.

We made salt dough sea creatures! Can you remember how you made them?

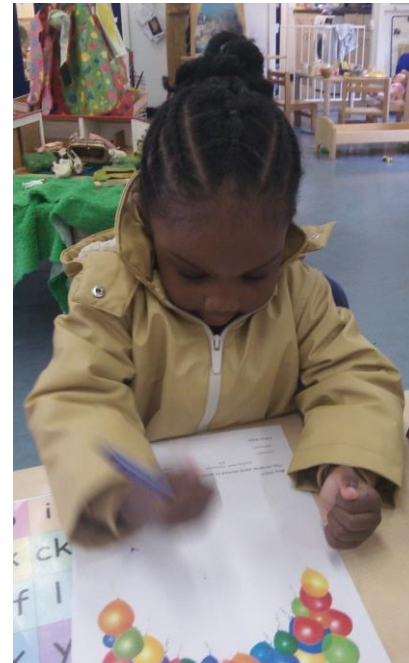

Which numbers do you recognise?

We went to the wildlife garden to find some tadpoles - Harley spotted a frog looking at us from the pond.

We wrote invitations to a party for Billy!

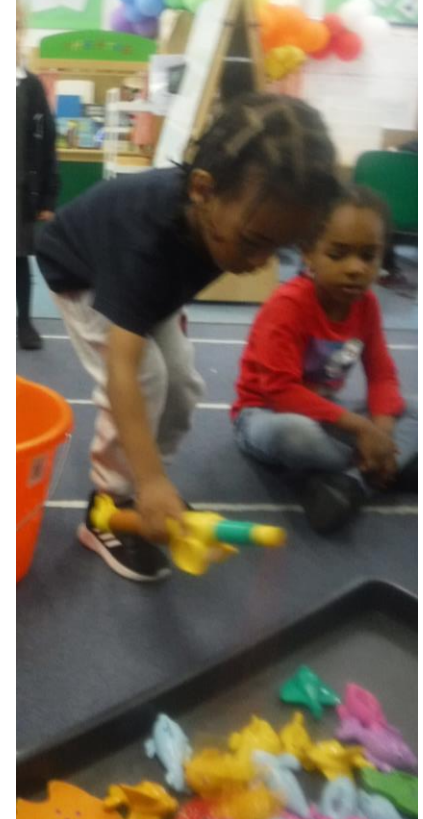

The children found a rope and began a tug of war! Do you remember how why the team with the boys won?

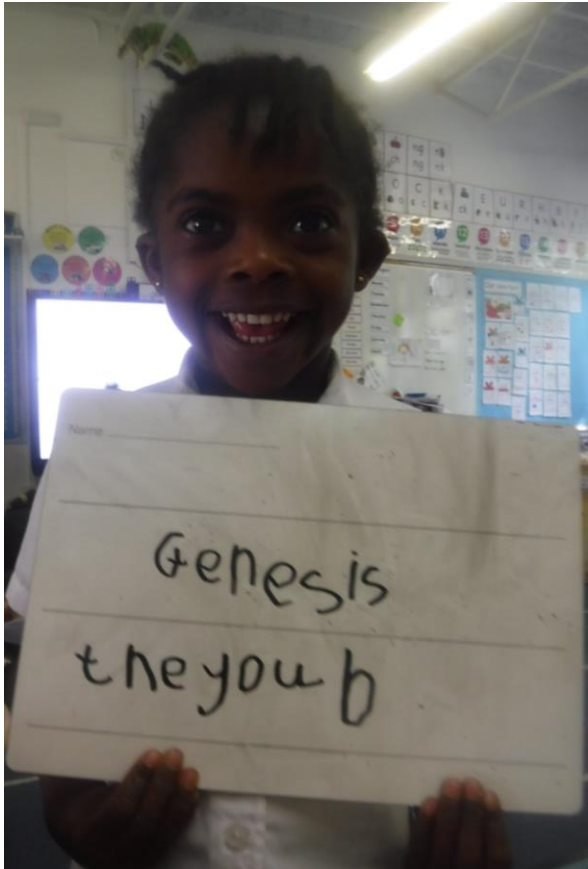

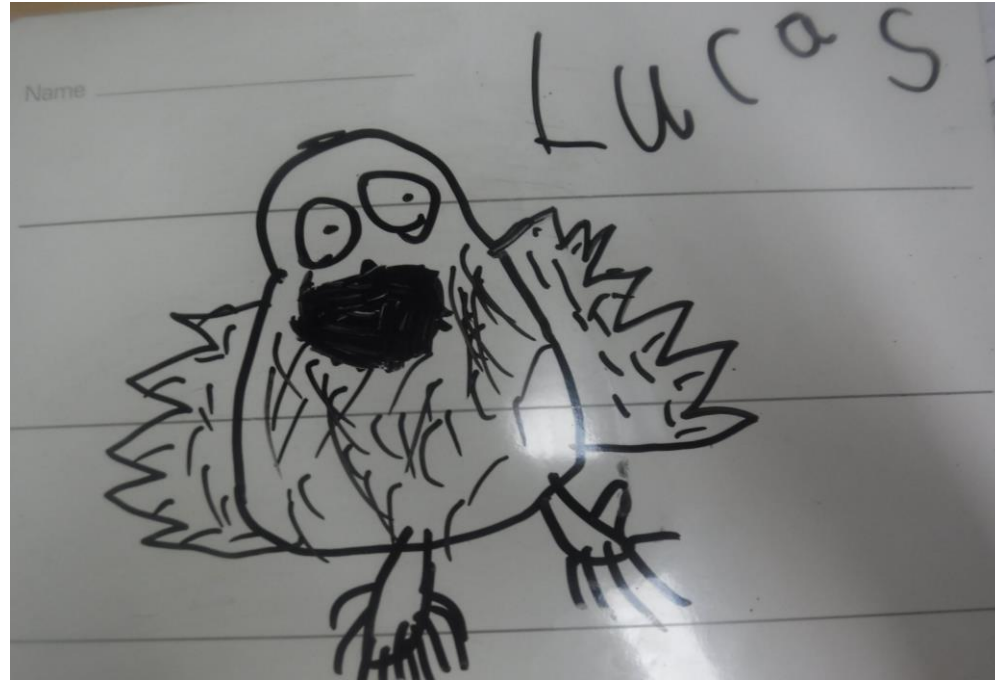

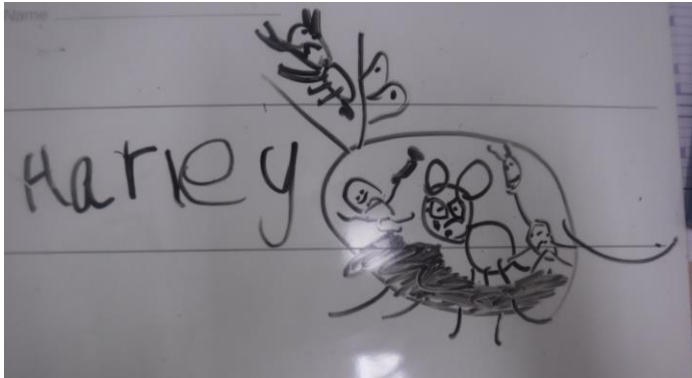

I wonder which animals we will see when we go to the real farm?

Did you put an odd or even number of fish in your bucket?

Amazing drawings!

It was so hot on Monday that we had ice poles to cool us down.

What else did
you learn about
this week?
