

We have been learning  
about...

23.01.2023

The children used 2D shapes to create dragons

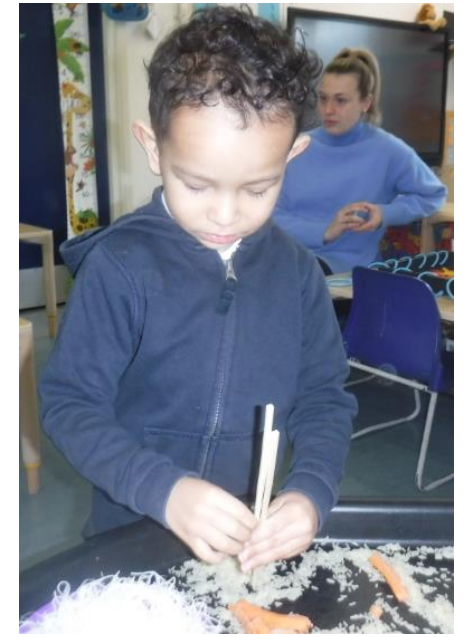

To celebrate Chinese New Year we recreated a Chinese restaurant in the role play area.

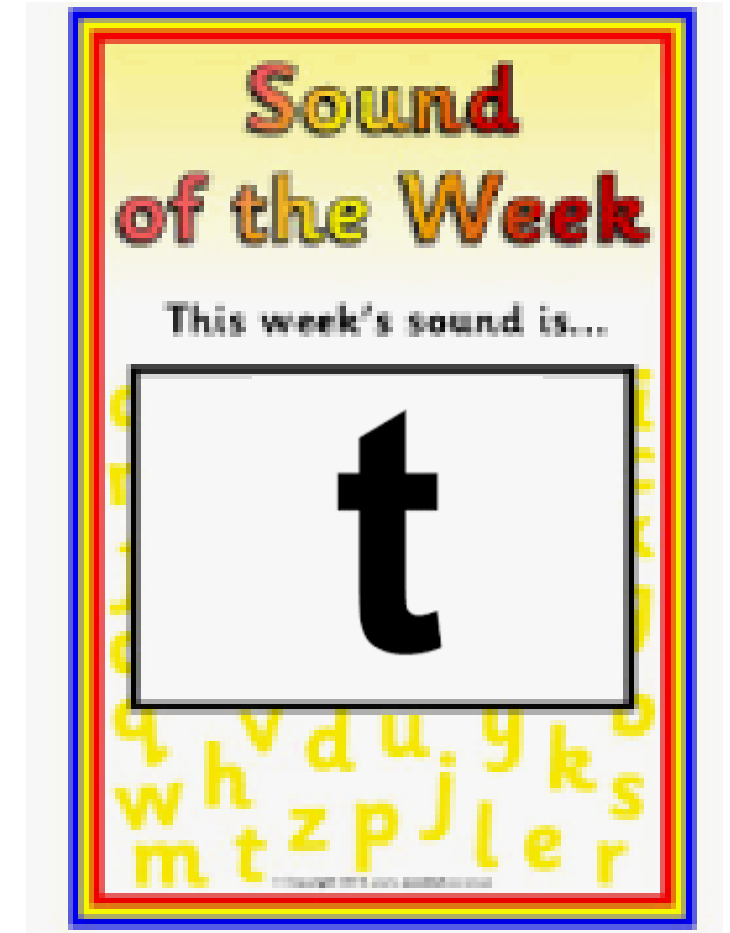

The children explored the different textures and smells of ingredients associated with traditional Chinese cooking.

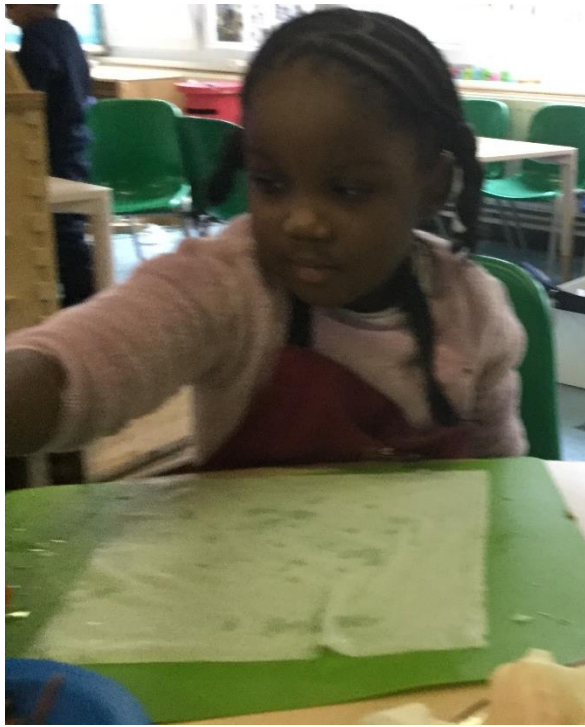

The children have really enjoyed the introduction of the sound of the week. This week we introduced the sound 't'. Please do bring in an object from home that starts with our sound.

The children made spring rolls with Miss Barbara. Can you remember the ingredients you used?

The children used beanbags to knock the dragons down one at a time!

How many did we have left?

**Then we went outside  
and willed our sky  
lantern to float up into  
the sky!**

**Can you remember  
how you made it go  
up?**

# What else have we been learning at nursery?
