

We have been learning
about...

1st March 2024

This week we have been thinking about crocodiles!

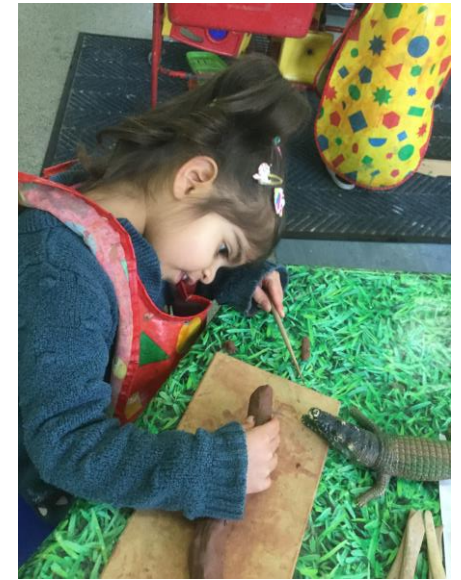

What are crocodiles like? Are they safe? What does “Beware” mean?

Would you like to meet a crocodile? What do you think a crocodile would say to you?

We used the clay to make our own crocodiles! Which features did you include?

How did you make the crocodiles' teeth?

Which tools did you use to make the crocodile's lumpy skin ?

We began to think about “full” and “empty”.

What happened when the animals jumped into Mr Archemedes’ bath?

What happened to the water when they got out?

Which of the baths contained the most water?

What else have you been up to?
