

We have been learning  
about...

6<sup>th</sup> May 2024

This week we began our new core text- Errol's garden. We have been thinking about how seeds grow into plants.

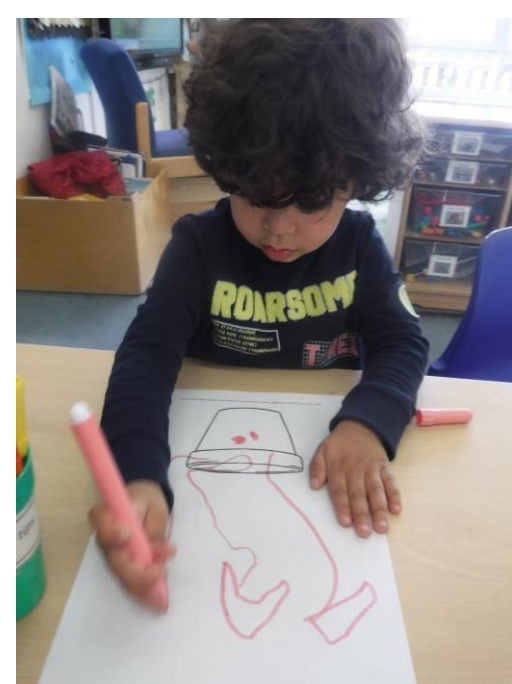

We planted seeds in plastic bags so that we could see how they sprouted and grew stems and roots

What did you think the seeds were going to grow into?

We drew pictures of the plants we thought might grow.

We had another birthday this week!

Miss Carol helped us to print our own flower gardens! Which flowers did you use?

What did you use to print the stem, flower and leaves?

A photograph of three young girls in a backyard. The girl in the center, wearing a black long-sleeved shirt and black pants, stands on a brick ledge holding a blue shovel. She has two pigtails. To her left, a girl in a white and pink floral dress is blurred, appearing to be in motion. To her right, a girl in a light blue hoodie is also blurred, looking towards the center. The background features a grey brick wall with a large grey trash can on the left and a red ladybug decoration. Various toys, including a yellow toy car and a pink toy car, are scattered on the ground. The text "What else have you been up to?" is overlaid in white, sans-serif font across the middle of the image.

What else have you been up to?

Lots of us  
went  
minibeast  
hunting  
this week!
