

We have been learning
about...

17th June 2024

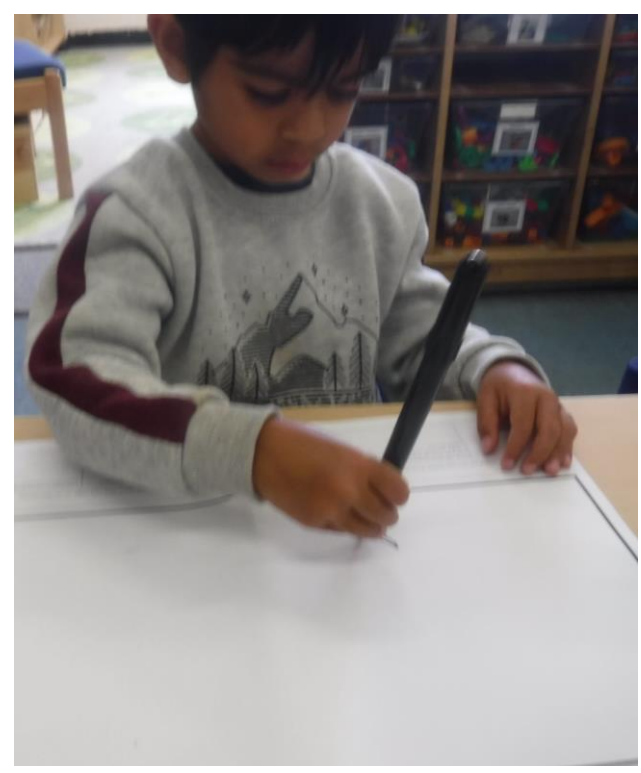

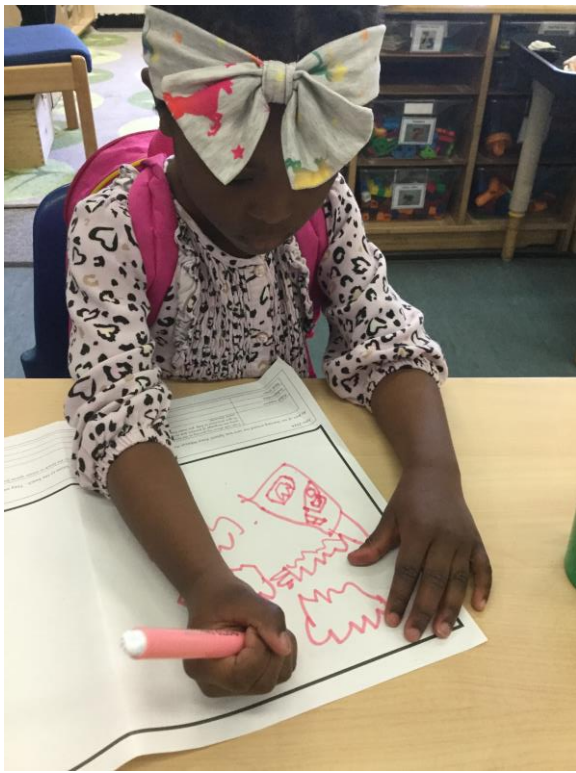

This week we have continued thinking about our core text.

We have been thinking about drawing simple maps to show how we get to the beach.

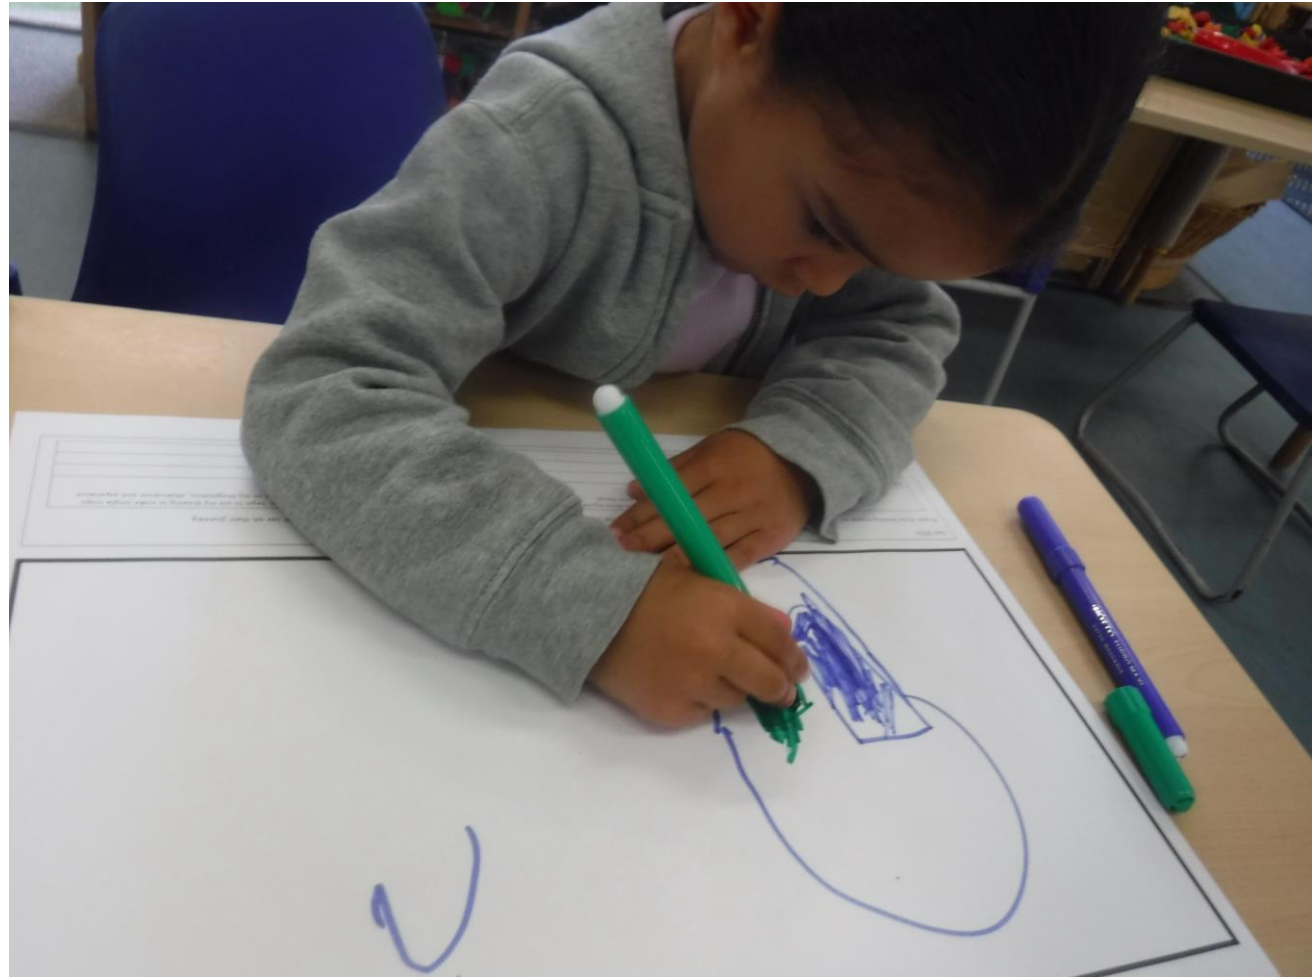

How do you get to the beach?
Do you travel by train or car?

What did you pass by on
your way there?

Can you give directions to a
doll to get you to the beach?

We spent lots of time this week practicing balance biking with the bikeability team.

Could you push your feet and then lift them to fly ?

What else have you been up to?
