

We have been learning
about...

29th January 2024

We opened up a baby clinic in Nursery this week!

We went to the school nature garden to look for bog babies!

How many
bog babies
did you spot?

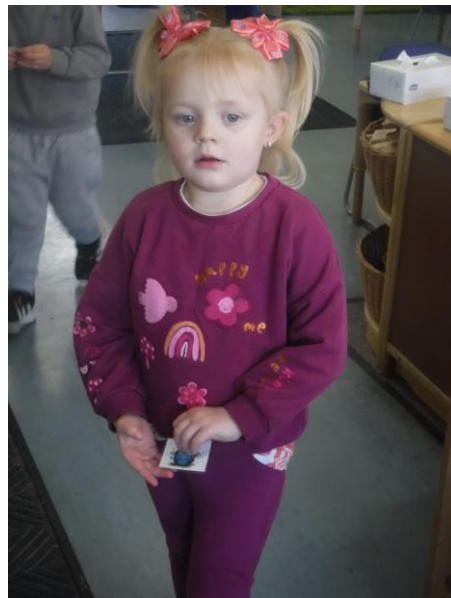

We've been blowing
bubbles like a bog baby!

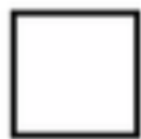

on

in

under

The bog babies escaped
and we had to hunt for
them around the classroom!
Where did you find them?
On, in or under?

We used plasticine to make our own bog babies, we thought carefully about the features we needed to include.

It was such a warm afternoon we went up to the top playground and had fun with the reception class.

What else have you been up to?

Don't forget to check out Seesaw to hear the story of the bog baby !
There's also a song to enjoy!

There is also a fundraising movie night on Thursday 8th Feb after school.
