

We have been learning
about...

07.11.2022

We mixed our own paints for the easel.
Can you remember what we did?

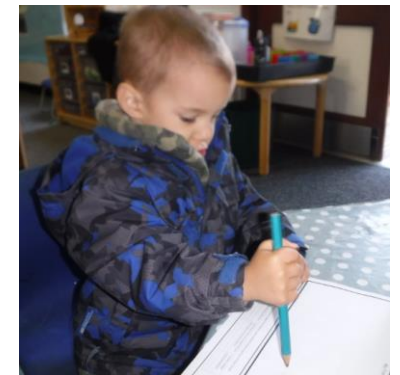

We drew family portraits

Who did you draw?

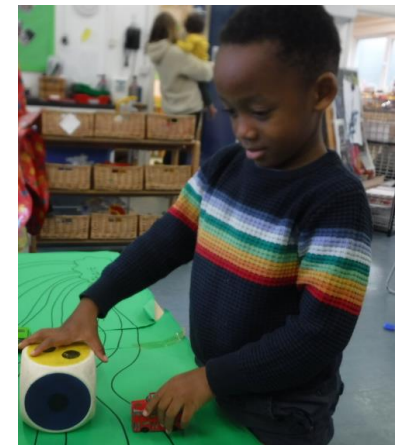

The children took part in a music session, exploring the different sounds they could make with the instruments

We had to park our cars in the numbered carpark. We used the dice to decide what number we should park the cars on.

What number did you get?

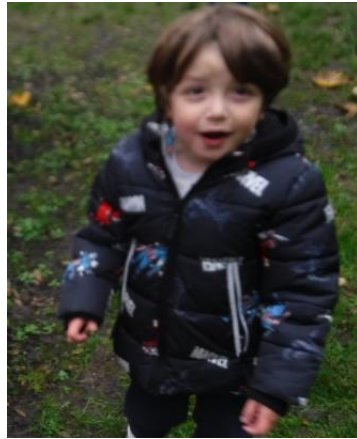

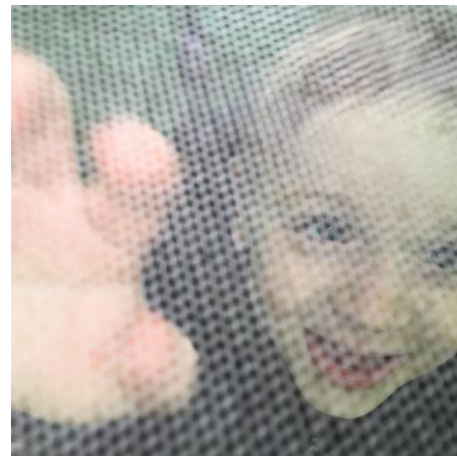

The children went on an adventure to the local park.

What can you remember from our trip?

What did you learn about
at Forest School?

What else did you learn about this week?
