

We have been learning about..

1st to 5^h June 2026

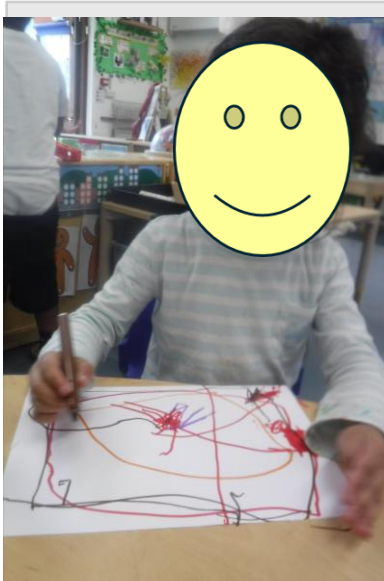

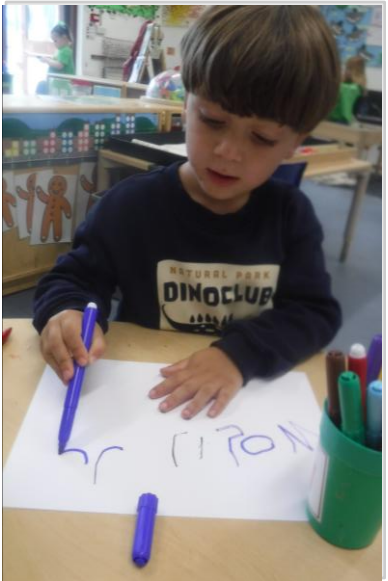

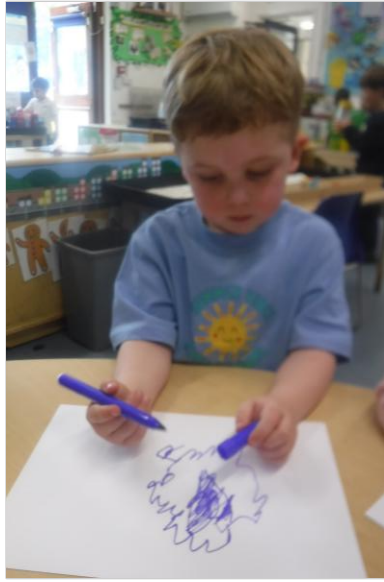

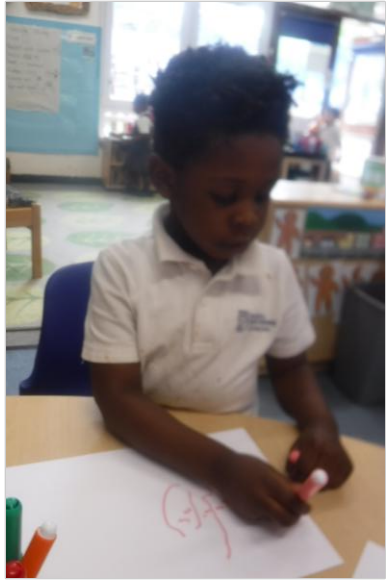

This week we have been amazed at how fast our beans have grown! They were so busy growing bigger over the half term holidays!

Who has the tallest bean now? Can you see any flowers yet?

We've also started a new story. "Splash! Anna Hibiscus" She goes to the seaside with her family. We made postcards, remembered some family trips and drew our favourite things to do at the seaside too!

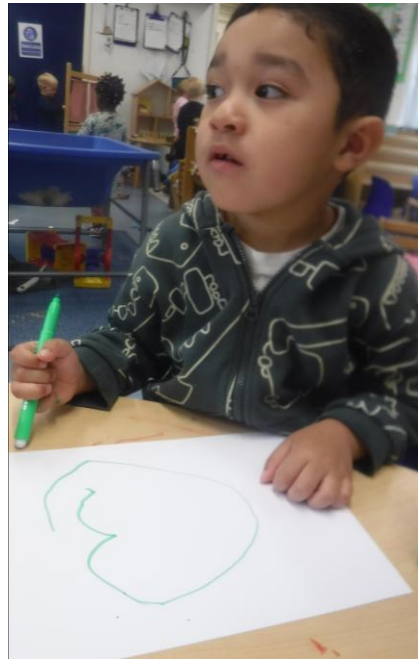

We all had a go at writing our names on our postcard without our name cards this week!

What would you like to do at the beach?

What did you want to do first when you to the beach? Whose mum and dad packs a picnic? What do you like to play on the sand? Who likes the idea of looking for shells or jumping in the sea?

We made seaside repeating patterns!

Did you make a 2 part or a 3 part repeating pattern?

Which shaolour patterns did you make?

Can you tell which colour picture will come next?

What else did you get up to?
