

We have been learning about...

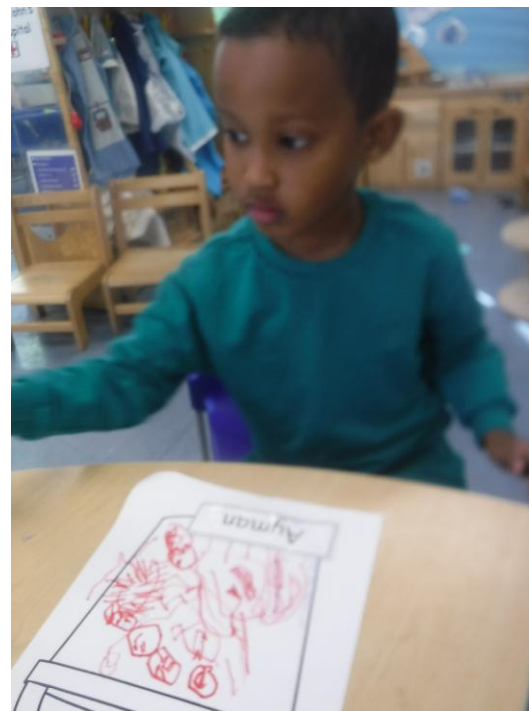

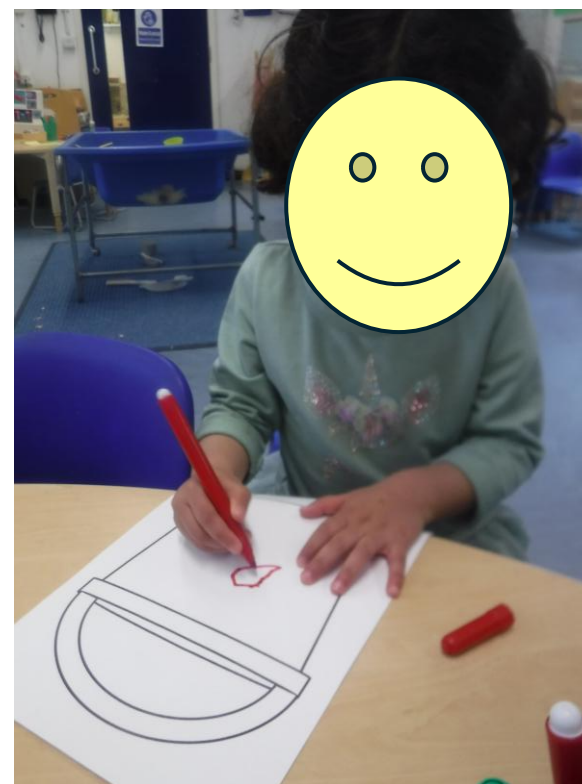

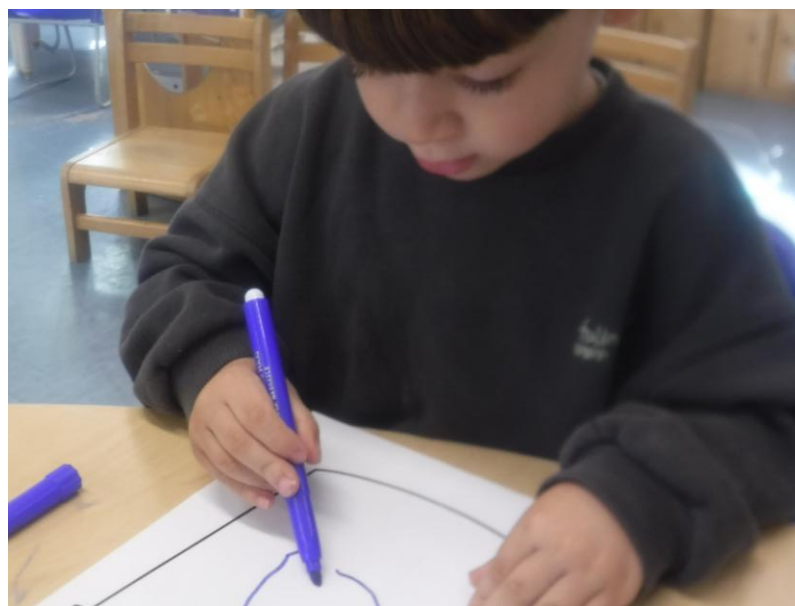

20th to 24th April 2026

This week we have been thinking even more about the creatures that live under the sea! We looked at, touched and even smelt some interesting fishy creatures!

We all decided what we wanted to find inside our own magic buckets and drew it!

We all chose different favourite creatures!
What was in your bucket?

We've been fishing! How big was the fish you caught? Was it short, or longer? Who had the longest?

More Daddies came to read us stories!

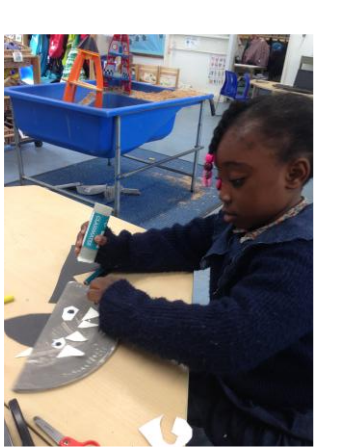

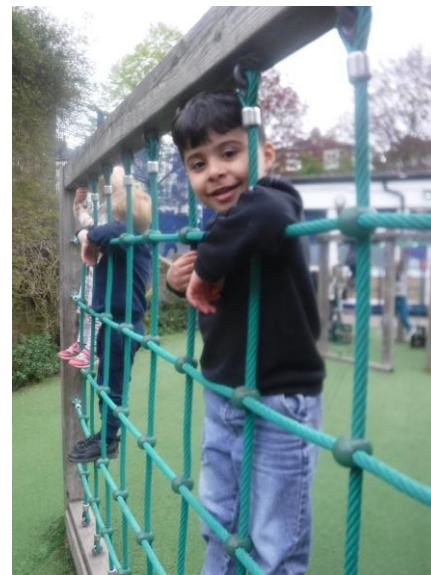

It was someone's birthday this week.

How many candles were on the cake?

We've continued to practice our cutting, sticking and making DT skills with Miss Carol to make our own under the sea creatures!

A group of young children are gathered around a blue sandpit. One child in the foreground is wearing a white sweater and a watch, looking towards the sandpit. Another child in a red vest is leaning over the sandpit. A girl with a red hair clip is also visible. The sandpit contains a blue bucket, a white shovel, and some orange toys. The background shows other children and a blue wall.

What else have you been up to?
